

Established in 1946 Snaidero is currently the Italian leader in kitchen export: its world market covers 45 Countries all over Europe (Western and Eastern), Middle East, the United States, Canada, South America, Far East and Australia. Its huge success is based, besides an excellent quality of its production (first Italian kitchen manufacturer to be certified ISO 9001) also on its exclusive collaboration with some of the most celebrate Italian designers, one for all the worldwide known Pininfarina (responsible of the design of all Ferrari cars).
